PLANNING MATTERS

Application	18/2014/1164
Proposal	Variation of condition no 12 of planning permission code 18/2012/1595 to allow 2 no access points to remain open
Location	Highfield Park, Llangwyfan
Observations	It was felt that the applicant had it within their ability to ensure a satisfactory traffic management plan using the existing two access as had agreed previously and that access A and B would be sufficient to service the whole site. Members felt that the lane would not be able to cope with the additional traffic and would present an additional and unnecessary hazard to the residents of the area who were also concerned about the situation – the applicant had made no offer of a road improvement scheme.
